EDUCATION

Bachelor of Science In Computer Science
Pamantasan ng Lungsod ng Maynila
(2021 - 2025)

SKILLS

- Python
- SQL (PostgreSQL, MySQL)
- Dart (Flutter)
- Figma
- Git
- VS Code
- Microsoft Office Suite
- Data Administration

SOFT SKILLS

- Critical Thinking
- Attention to Detail
- Collaboration & Teamwork
- Adaptability
- Communication Skills
- Time Management

CAREER OBJECTIVE

Aspiring Data Engineer with a foundation in Python, SQL and Software engineering. Passionate about building scalable data solutions and optimizing data workflows. Experienced in database management, data transformation, and automation. Adept at problem-solving, debugging, and client communication. Currently expanding expertise in workflow orchestration, cloud-based data engineering, and big data technologies. Eager to contribute to data-driven solutions in a dynamic environment.

WORK EXPERIENCE

IT SUPPORT SPECIALIST INTERN

July 2024 - October 2024

- Managed POS system databases, ensuring data accuracy and optimization.
- Modified and tested backend code, improving system reliability and scalability.
- Integrated APIs for data transfer and synchronization across systems.
- Created technical documentation for system processes and debugging workflows.
- Collaborated with clients to gather requirements, implement solutions, and ensure seamless system integration.
- Developed a Python script to automate POS system testing, reducing manual effort and improving accuracy.

PROJECTS

- YouTube Video Search and Play Automation in Python
- Optimized Database Performance with Partitioning in PostgreSQL
- Optimized School Library App Frontend with Flutter for Better User Experience
- Enhancing OSZ Improved MD5 Algorithm for File Integrity Checking in School Enrollment System

CERTIFICATIONS AND COURSES

- **Introduction to Data Engineering** - Data Camp (February 2025)
- **Introduction to SQL** - Data Camp (February 2025)
- **Intermediate SQL** - Data Camp (February 2025)
- **Data Engineering Career Track** - Data Camp (In Progress)
- **Introduction to Cyber Security** - Cisco Network Academy (March 2023)
- **Cyber Security Essential** - Cisco Network Academy (April 2023)
- **Certified in Cyber Security (CC)** - (ISC)2 (May 2023)

SEMINARS

Ms Excel Seminar (October 2024)

Power Bi Seminar (September 2024)
